

*Healing others, while healing thy self*

## Mission Statement

Our mission is to provide theatre training for the general public with a focus on disenfranchised community youth; develop a new expanded theatre appreciation and audience; broaden the opportunities in theatre as a career goal and advocate for a Young Actors Guild (YAG) which provides national and international inclusion.

A mentoring program for all ages, that allows one to take their hurt, pain, struggles, and experience to step outside of the box with their visions, dreams and goals in hand while entertaining others (theatre).

**Author, Director, Producer and Founder**

Kemisha W. Ebron

*Where it's ok to step outside of the box*

## Mentoring Program

Cast members Tatiana and Tamia Richardson

### Mentoring For All Ages

Have you ever went through a situation and not know how you were going to make it out? Are you presently going through a situation and you do not see a way out? Does it seem like everyone else around you is being blessed and your prayers are still unmet?

Well you are not alone! There are people on a daily basis that feel like you, alone and on the edge. This Mentoring Program is to let children, parents, and families know, that somebody somewhere is praying for you and if you just hold on a little while longer, to allow God to intercede with your life and have his way.

We pray together and spend time together. We are a home away from home. We teach youths and adults to tap into their hurt, pain, and struggles. To heal others, while healing thy own self; Using their talents and skills to entertain

### An Alternate Approach

There is an opportunity for each youth and adult to write, sing, dance, lighting, sound, and be stage handlers; to travel when the opportunity arises and to be willing to step outside the box of your past, in order to conquer your future.

Actor & Songwriter Akya "Enique" Canada

### Community Involvement

We are a non-profit organization and we do a lot of community involvement and there is a need for sponsorship. There are also opportunities for mentors and counselors to volunteer their time and services. We are also in need of fundraisers, sponsorship, interns, investors, or anyone wanting to book this production.

There are different levels of sponsorship, they are as follows:

## SPONSORSHIP

### Bronze Sponsorship \$100
